Retirement:

An employee hired on or after January 1, 2009, is enrolled in the Georgia State Employees’ Pension and Savings Plan (GSEPS). GSEPS members receive a match on contributions to the Peach State Reserves 401(k) Plan. When you contribute 1% of your pay, the state matches your contribution dollar for dollar. For a $30,000 annual salary, that’s your $300 contribution plus an additional $300 matching contribution in your 401(k) every year.

You can also get a 50¢ match when you contribute 2% to 5% of your pay. For example, contributing 5% of a $30,000 salary gives you a match of $900 a year. That’s free money. If you’re saving less than 5%, you’re missing out on that extra cash.

For more details regarding GSEPS you may visit: [http://www.ers.ga.gov/plans/ers/gseps/gsepsmain.aspx](http://www.ers.ga.gov/plans/ers/gseps/gsepsmain.aspx)

The State of Georgia Peach State Reserves Program is a plan regulated by Congress that allows employees to put aside a portion of their income before taxes are deducted. The intent of this program is to allow employees to build financial security, especially for retirement. Peach State Reserves offers two plans: 401k and 457.
